

Saint George Rocks

(To 'We will rock you')

Chorus:

Georgie Georgie Rocks you.

Georgie Georgie Rocks you.

Georgie was a knight,
was a brave knight.
riding on his horse in a country that is far away.
Got a very grim face,
it's a big disgrace,
he's gonna put that Dragon back in its place, singing:

Georgie Georgie Rocks you.

Georgie Georgie Rocks you.

Georgie riding fast,
riding very fast,
knowing he's the one, yes the one whose gonna save the day!
Georgie says a prayer,
cause he knows when he gets there,
He's gonna need God's help to face the dragon if he dare, singing:

Georgie Georgie Rocks you.

Georgie Georgie Rocks you.

Georgie took his lance,
and he started to advance,
but the Dragon breathing fire could never bar his way,
The Princess gave a shout!
but Georgie had no doubt,
that God would give him power to take that pesky dragon out. Singing:

Georgie Georgie Rocks you.

Georgie Georgie Rocks you.

So Georgie rode to town,
with the princess in her gown,
and all the people cheered him and began to say,
He's a very great knight,
Who's not afraid to fight,
and God will give him strength to do everything that's right! Singing:

Georgie Georgie Rocks you.

Georgie Georgie Rocks you.
